Dear Reverend Cassandra,

Throughout the month of September, we asked you to boldly champion life. And we asked you to partner with us to accelerate the rescue of preborn children from abortion through the new pro-life Telehealth Care Center in Chicago.

And thanks to YOUR commitment to preborn children and their families, more innocent lives will be rescued in one of the most abortion-dense cities in America.

I hope you remember that your partnership is supporting moms and rescuing children, like Kayla and her family. So, rather than only hearing how appreciative I am for you, Kayla wanted the chance to personally thank you for your love and support. Please take a minute to read about how you're impacting real lives like hers and her family's. I know it will bless you!

"When I found out I was pregnant, I was terrified. I was in a bad living situation and I had to leave the baby's father. When I told him about the baby, all he said was that I needed to have an abortion.

"I felt like my only choice was abortion. But then, I found Human Coalition online when I was searching for abortion information.

"The staff at the care center was so welcoming and supportive. They made me feel protected and loved, unlike how I felt in my own home.

“They told me all these options and all they could do to help me. I just couldn’t believe how helpful they were. It was amazing. They wanted to love on me and my baby and my little girls too. They knew I was lonely and scared, and they wanted to help.

“Thanks to them and YOU, I chose to keep my baby.

“So that’s why I’m thanking you. My whole family is in a better place, thanks to you. I’ve got safe housing. My girls are in a new school. I have a new job. It’s so amazing to see my girls so happy and safe again. I know they are thankful for you too.

“It’s wonderful that there are people like YOU out there helping babies and serving families. I’m so thankful for all you’ve done for my family.

“THANK YOU for being a part of this Human Coalition family of people who care.”

Reverend Cassandra, this is the lifesaving impact your prayers and support make in the lives of thousands of families. Future generations of children will be alive, and families will be restored – all because you cared.

I can’t say it enough... THANK YOU for your partnership to rescue children and families from abortion.

God bless you!

Rachel Lane

Sr. National Director of Family Services
